‘Tuesday Tech Tutorials’ feature product innovation solutions of Macnica ATD Europe partners

- Spring webinar series covers topics from AI to Advanced Imaging
- Kick-off event on 05 April

Chatou/France, 17 March 2022. Macnica ATD Europe is pleased to announce the spring series of its successful free webinars. Renamed into ‘Tuesday Tech Tutorials’, during two Tuesdays per month in April and May both long-term and brand-new distribution partners of Macnica ATD Europe partners present their latest innovations covering semiconductors and imaging topics as well as innovative AI solutions. Participants can sign-up for each individual tutorial free of charge. This series of ‘Tuesday Tech Tutorials’ includes the following topics:

About Macnica ATD Europe
Macnica ATD Europe unites the European operations of stock-listed Macnica Inc. (headquartered in Yokohama/Japan), one of the world’s largest distributors of semiconductors founded in 1972. The roots of Macnica ATD Europe go back to the distributor of imaging solutions ATD Electronique which was fully acquired by Macnica Inc. in 2019; and the former German entity Macnica GmbH. Today, Macnica, Inc. has established its European headquarter Macnica ATD Europe in Chatou near Paris with sales offices in various European countries. It combines several decades of B&B semiconductor and imaging distribution experience with a vast product range covering memories, GNSS, IoT, and power management ICs as well as a focus on image sensors, optics, interface circuits, IPs, imaging processors, cables, and OLED micro displays; and a growing portfolio of ready to use AI solutions.
