Macnica ATD Europe Receives Prestigious Partner Award from Espressif

Chatou/France, Ingolstadt/Germany, 03 April 2025. Macnica ATD Europe is proud to announce that it has been honoured with the prestigious “Most Valuable Partner” award by Espressif, a leading provider of advanced Wi-Fi and Bluetooth solutions. Espressif presented the award to the Macnica ATD Europe team at the Embedded World 2025 event in Nuremberg, Germany.

The esteemed award recognition is a testament to the exceptional contribution Macnica ATD Europe has made in supporting Espressif in recent years, showcasing the consolidation of a partnership that has continued to grow from strength to strength.

Espressif, honoured Macnica ATD Europe for its unwavering commitment to excellence in going beyond the simple promotion and distribution of products to offer comprehensive solutions that have helped drive business growth. Macnica ATD Europe's dedication to guiding and supporting customers in finding the best suited solution for their applications has played a vital role in expanding the reach and impact of Espressif technologies in Europe.

“*We are honored to receive the Espressif Most Valuable Partner award.*" said Sophie Petard, Espressif Product Line Manager within Macnica ATD Europe. "*This recognition underscores the hard work, dedication, and commitment of our team, and we are grateful for the longstanding partnership with Espressif. We look forward to continuing our successful collaboration and striving for even greater accomplishments together in the future.*"

About Espressif Systems

Espressif Systems (688018.SH) is a public multinational, fabless semiconductor company established in 2008, with offices in China, the Czech Republic, India, Singapore and Brazil. We have a passionate team of engineers and scientists from all over the world, focused on developing cutting-edge wireless communication, low-power, AIoT solutions.

We have created the popular ESP8266, ESP32, ESP32-S, ESP32-C and ESP32-H series of chips, modules and development boards. By leveraging wireless computing, we provide green, versatile and cost-effective chipsets. We are committed to offering solutions that are secure, robust and power-efficient. At the same time, by open-sourcing our technology and solutions, we aim to enable developers to use Espressif's solutions globally and build their own smart-connected devices.
